

Accreditation Statement

Nurses: 5.25 contact hours awarded

BryanLGH Medical Center is an approved provider of continuing nursing education by the Nebraska Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Master Code # NE-09-12H9-29

Other health care providers are responsible for determining that the educational hours awarded will be accepted by their licensing agency or certifying body. This program's length is 315 minutes

Objectives

Upon completion of this program, attendees should be able to:

Discuss what the Heart Valve Center is

Identify which patients should be involved in the valve center

Review how the valve center relates to primary care of these patients

Discuss relationship between cardiovascular (CV) disease & sleep disordered breathing (SDB)

Identify methods for screening & diagnosing SBD

Recognize the effects of treating SBD on CV disease

Discuss common cardiac meds & possible side effects & interactions

Review non cardiac meds & supplements & their potential cardiac risks

Describe importance of communicating side effects to patients to improve patient compliance

Describe Aquphoeisis & appropriate patient selection

Identify how Cardiomebs helps prevent recurrent hospitalizations for CHF

Review the Impella device & appropriate patient selection

Describe history & disease process of Brugada Syndrome

Identify the role of Long QT Syndrome in Sudden Cardiac Arrest

Discuss the role of genetic testing in Long QT & Brugada Syndrome

Review the components of Normal Sinus Rhythm (NSR)

Identify various dysrhythmias

Understand basic heart anatomy related to electrical activity

Identify tests needed once PFO identified

Discuss criteria needed to determine closure

Review why neuro input is needed or not needed

Review indications for drugs currently available

Discuss recent updates in cardiac pharmacology

Describe the uses and side effects of newer cardiac medicines
